## FOREST FIRE AT NORTH CHARLEROI EXTINGUISHED

Farmers Fight Flames Successfully And The Damage Is Slight.

### STARTED FROM LIVE COAL

Engine on F. V. and C. Threw Spark Which Ignited Brush.

A forest fire which has been burning near North Charleroi, was finally extinguished last night after a fight of nearly two days, by residents of Fallowfield township. The fire started on Wednesday and have been raging ever since in the woodland section of what is known as the Third Hollow, a distance of about three miles from this place, to the north. Charleroi has been overhung with smoke from the fire. The farmers of the section which was burning extinguished the flames by the use of brush and water carried from nearest streams. The fire is said to have been started from a live coal from a train on the Monongahela division of the Pennsylvania railroad.

Little damage was done, the farmers succeeding in stopping the progress of the flames before they reached the fields. It burned over the Coal Combines property and destroyed a number of pit posts which had been set on the land.

## Narrowly Escapes Serious Injury

Claysville, Oct. 23.—Robert Hunter met with an accident yesterday morning which almost cost him his life. As it was he suffered a dislocated ankle and a badly sprained back. Early in the morning young Hunter was watering a colt which his father, L. H. Hunter recently purchased. While at the watering trough in the alley in the rear of the school house the colt took fright at a pile of dirt, rearing and plunging. In attempting to get out of the way the boy stumbled and fell and the colt jumped on him. Hunter suffered a dislocated ankle, a badly bruised body and a sprained back.

Mike Hunter, an older brother, and James Morris, hearing the lad's cries, went to his rescue and carried him to his home, where medical attention was given him.

## SLEEPER HAS RUDE AWAKENING

Monongahela, Oct. 22.—John Maisko sat down on the track of the M. and W. railroad last night near Hazelkirk. He was tired and fell asleep. The sleeper was awakened by being bumped and hurled through the air by a coal train coming in contact with him.

A broken leg was the result. In fear that he had also sustained internal injuries the man was brought to the Memorial hospital at his place.

## WORK ON NEW HOUSES STARTED

Monongahela, Oct. 23.—The Monongahela Saw and Planing Mill company has started work on the new block of 13 double houses being erected at the Gallatin mines. Eleven of the houses are five room affairs and the remaining two contain six rooms each. These houses are for additional miners expected to come in.

## "FROGS" HAVE A DANCE AT ROSCOE

The "Frogs," a club of young men of Roscoe gave a dance in Vorwart's Hall at that place last night the affair being well attended, there being present perhaps one hundred couple. The Jenkins orchestra furnished the music. Several from Charleroi attended.

## LIGHTS OFF FOR BRIEF TIME LAST NIGHT

The West Penn Electric company was caused a little trouble last night and the lights were off in town for several minutes, by a tree falling across the line somewhere between here and Connellsville or between here and McKeesport.

It's the simplest thing in the world to use Hy-o-mei and cure catarrh. Breathe the medication through the little inhaler in every outfit and you will get relief at once. Money back if it fails. Pipit Bros. 6211

## Youth Charged With Forging Mothers Name

After quietly keeping out of the way of the police for nearly four months, N. B. Naher of Claysville, wanted on two charges of forging his mother's name to checks cashed by many stores, was arrested last night giving the officers a lively session at the very end of their long chase.

It is alleged that Naher successfully practiced his skill as a check manipulator on the A. B. Caldwell company, and the J. Kaufman store of Washington. The checks were passed July 9. Naher has been arrested on several other occasions on similar charges but the cases have heretofore been compromised.

Last evening about 8 o'clock Kaufman thought he recognized Naher as he passed the store in Washington. To make sure he followed the man for several blocks. He then notified the police. Detective E. E. Cummins, who had the warrant for his arrest with Detective Milstead and Officers Cummins and Mull went to the home of Brant Curry, who resides on Cumberland avenue, where Naher was known to visit. Upon inquiry the officers were notified that the much wanted man was not there. The officers suspected he was there, however, and started to search the house.

After playing hide and seek through several rooms the elusive Naher was finally chased to the roof of the house. Milstead followed and after an exciting scuffle placed the handcuffs on him. The check which he is alleged to have passed at the A. B. Caldwell company was for \$35 and the one at Kaufman's for \$10. It is thought that several other charges will be preferred against the prisoner in a short time.

Naher is a resident of Claysville. All the checks were forged in his mother's name.

## Bookovitz Girl Again Able To See

Taken to the Eye and Ear hospital in Pittsburgh with not only her sight apparently burned out with quicklime, but even her life despaired of, little Anna Bookovitz, 2-1-2 years old, will in a few days be discharged from the institution almost as well as when six weeks ago she was taken from the home of her parents, Mr. and Mrs. Andrew Bookovitz in Ellsworth.

The remarkable cure has been effected, not by operations, but by skillful treatment that proved more successful than even the specialists dared to hope for. The child received her injuries at the hands of a foreigner who threw the lime, an account of which appeared in these columns last week, and since her recovery the approach of a male person throws the child into spasms and paroxysms of terror. This is the only ill effect of the injury, but hope is held out that the fear will be outgrown by the child.

As told in the story printed last week, the child was looking through an opening in a partition which separated the Bookovitzs from that of George Buda, when a relative of Buda threw some lime into her eyes. Buda was later arrested on the charge of assisting the guilty man to escape, while the perpetrator of the deed is now a fugitive, although the officers hope to apprehend him.

Both Americans and foreigners of the mining town contributed money to engage an eye specialist, who, after examination, declared it was impossible to save the child's sight. The parents were advised to rush the little one to the Eye and Ear Hospital of Pittsburgh, as soon as possible, and at 10 o'clock the same evening the little patient was under the care of the eye specialists at the hospital.

No operation was performed on the plucky little girl's eyes, and only after careful and patient treatment, the application of soothing oils, did the doctors become hopeful of saving at least one of the eyes. But a week ago the astonishment of every person connected with the institution was heightened when it was discovered that the sights of both eyes were in almost normal condition.

Thomas McDermott attended the Pittsburgh Chamber of Commerce. Delroy contest at Pittsburgh last evening.

## New Camp Is Instituted At Monongahela

A camp of the Patriotic Order Sons of America was installed with appropriate ceremonies at Monongahela last evening. State Vice President D. L. Buffington of Johnstown was present and had charge of the exercises.

The order started off with a membership of sixty seven persons. These were instructed in the noble work of the order.

District President A. J. Holmes was present and assisted Mr. Buffington in putting through the work of institution. Eighteen members of Camp 760, Charleroi, attended and a number of members from camps at Washington, Monessen, Donora and Fayette City, were present.

After the business was finished, a social session was held and refreshments were served.

## GRAND JURY WILL CONVELE IN WEEK

A week from Monday the grand jury for the November term of criminal court will meet and take up the list of criminal cases on the docket. This docket already shows about 140 cases, and there are at least a half hundred to be put thereon, in addition to those that were continued from the August term. There are the usual number of petty cases listed. Among the cases carried over from the August term is that of the commonwealth against W. L. Lenhart, of Brownsville, in which the jury disagreed. This case took one week when tried in August.

## SIX CONVERSIONS AT GOOD MEETING LAST EVENING

The meetings at the Washington Avenue Presbyterian church continue to improve in interest, last night's being the best one yet. There was an interesting song and praise service conducted by Mr. Carter and Dr. Hendrick preached a forceful sermon. There were six conversions following the sermon.

The subject of the address last night was "The Young Man That Just Lacks Being Saved." He took up the matter of salvation from sin of the young man illustrating, his discourse by the rich young ruler of Bible times who sought to know what he should do to be saved and was told to give all he had to the poor and follow the Lord. Dr. Hendrick said it was hard to be a Christian, and that numerous obstacles were to be overcome, but if these were successfully passed over, a man or woman would be the stronger and more fitted for service. He made a very good point by an illustration of the verse, John 3-16 in the Bible.

A unique advertising scheme was used by the church people today to get as many as possible to the service tonight. Early this morning the lettering, John 3-16 with other wording was chalked on the sidewalk over town.

## APPLES AND BLOSSOMS ON THE SAME BRANCH

West Alexander, Oct. 23.—An apple tree growing near West Alexander performs a peculiar feat by maturing both apples and blossoms on the same branch. This tree is found on the R. J. McCleery farm 5 miles southeast of town. The apples are as perfect as the blossoms. The dainty bloom even has the apple blossom perfume of a May day.

Charleroi at Ellsworth.

Ellsworth, Oct. 23.—The Ellsworth football team will play Charleroi Saturday afternoon at Ellsworth. A hard game is expected but the locals hope to win. Charleroi has made a good showing this season. The contest will start at 4 o'clock.

Myrtle McCarthy and Dr. Frank L. Cline are spending the day near Brantford, Ontario.

## PAVING ORDINANCE PASSED AT A CALLED MEETING

### Fire Yesterday At Brownsville

South Brownsville, Oct. 23.—The frame dwelling occupied by Giovanni Ciuc, South Brownsville, near Cemetery Road burned with much of its contents Thursday morning about 6:30. It is not known how the blaze started. The owners and several boarders lost personal belongings and one report has it that \$500 in money was destroyed. The South Brownsville fire department got out promptly, but the location of the property at some distance over the hill from the plugs made it impossible to set a stream of water on it. The loss is figured at \$3,000.

### "PHONEY" MONEY MAN IS ARRESTED

At a hearing before Alderman Day, Cristoff Rusko, of Ellsworth, in default of bail, was committed to the Washington County jail for a hearing at the next term of court on a charge of fraud. Rusko is the man who is alleged to have given Samuel Cohen, a merchant of Ellsworth, a \$50 Confederate States bill in exchange for \$8 worth of goods and \$42 change in good money.

The arrest was made by Detective Wallace Hilton and the man will be taken to Washington today.

### Woman Is Badly Burned

Monongahela, Oct. 22.—Mrs. M. B. Willoughby was painfully burned by an explosion of gas at her home in Chess street Wednesday evening. She was cooking and had placed some meat in the baker of the cooking range. After placing the meat in the stove she had occasion to leave the room for a few minutes and upon her return opened the baker to note the progress. In the meantime, the fire had gone out and the baker had filled with gas. When she opened the door the escaping gas was ignited from the fire on the top of the stove and a miniature explosion followed, which burned her badly about the face and head.

### CONTEST ON LOCAL ALLEYS TONIGHT

Tonight the Charleroi and Monessen Bowling teams will meet on the alley's at the Colonial parlors. A hot contest is looked for.

Suit Over Piano.

An affidavit of defense has been filed in the suit of William Burns and Son, Claysville, against Mrs. Margaret Burns, Washington. The suit is to recover \$325 for a piano placed in the defendant's home last July. Defendant denies that the piano was placed in her home at her request but that the plaintiffs obtained privilege of placing it there on trial although notified by defendant at the time not to expect or depend on her buying. She has refused to purchase and has notified the plaintiffs verdict and by letter to remove the piano.

Mr. and Mrs. Daniel Chestnut and daughter Bertha left last night for an extended visit with Mr. and Mrs. M. G. Collins of New York City.

### Block Of Lincoln Avenue Will Be Graded, Contract To Be Let Soon.

### SESSION LAST NIGHT

No Other Business was Taken Up Other Than For Paving.

Council held a short session last night, the meeting being a called one, the special purpose being the taking up of an ordinance constructed a few weeks ago providing for the grading and paving of a portion of Lincoln avenue. No other business was taken up and the meeting adjourned at an early hour.

The block of paving for which the ordinance provided was that on Lincoln avenue, "lying between a point 499 feet south of the southern line of Second street, and the southern line of Second street where it crosses Lincoln avenue," or in other words, the portion of street between Second and the paving which was recently finished on Lincoln avenue extension. The ordinance had passed two readings before and last night was final.

When the paving of this block is completed, it will make Washington avenue, which extends into Lincoln avenue at Second street one of the most beautiful in the town, with its many blocks of finished street.

The contract for the work will be let at the next regular session of council on November 2nd. All bids must be in by that time.

## OVATION FOR MR. TENER AT BEAVER FALLS LAST NIGHT

Beaver Falls, Pa., Oct. 23.—Beaver Valley folks enthused over John K. Tener and the American Club of Pittsburgh last night, when the biggest Republican rally in years was held here. The meeting was in the Lyceum theatre. So many were unable to gain admittance that an overflow meeting was held.

Arthur Bennett, chairman of the Republican County Committee, presided. The principal speakers were: John K. Tener, Honorable George T. Weingartner of New Castle, candidate for State Senate, and Robert Klein of New Castle.

A parade passed through the principal streets of New Brighton and Beaver Falls, in which the American Club of Pittsburgh, Lincoln Club of New Brighton, Young Men's Republican Club of New Castle and other marching organizations from Youngstown, Beaver Falls, Rochester, Beaver and other valley towns.

The chief marshal was Dr. N. S. Cook of Beaver Falls, who had 100 aids.

Delegations of workmen from the mills and workshops of the Beaver Valley carried flags. Another feature was presented by 100 horsemen. The procession contained carriages, floats and automobiles.

The figure 9 has always been considered lucky, and it is such a small price to pay for most anything that we decided to tack it to all sorts of things you are apt to want right now. The 9s are scattered broadcast—you will find them everywhere perched jauntily on goods that never expected to greet you for much less than twice nine. Yes, come and see what 9 cents will do.

### LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tussen, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run down and in a very delicate condition. This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take.

"Just the thing," said I, "for my little daughter," and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily.

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

### Treasure-Conway.

The wedding of Mr. John H. Treasure, Jr., and Miss Camilla Cecilia Conway was solemnized at a mass said in St. Leonard's Roman Catholic church at Monessen yesterday morning at 6 o'clock by the pastor, Rev. Father A. J. Wigley. Miss Mamie Conway, a sister, attended the bride, and the groom had as his best man, Mr. Mathew Slattery. Owing to a recent death in the family of the bride, the wedding was private. The couple left on the 7:45 train for an eastern wedding trip and will make their home for the winter with the bride's parents upon their return.

A rummage sale will be held by the ladies of the First Presbyterian church, on Oct. 28, 29, and 30th, at 425 Fallowfield avenue. Contributions will be received on Tuesday, Oct. 27, 621t.

### Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want when work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.

## FOREST FIRE AT NORTH CHARLEROI EXTINGUISHED

Farmers Fight Flames Successfully And The Damage Is Slight.

STARTED FROM LIVE COAL

Engine on F. V. and C. Threw Spark Which Ignited Brush.

A forest fire which has been burning near North Charleroi, was finally extinguished last night after a fight of nearly two days, by residents of Fallowfield township. The fire started on Wednesday and have been raging ever since in the woodland section of what is known as the Third Hollow, a distance of about three miles from this place, to the north. Charleroi has been overhung with smoke from the fire. The farmers of the section which was burning extinguished the flames by the use of brush and water carried from nearest streams. The fire is said to have been started from a live coal from a train on the Monongahela division of the Pennsylvania railroad.

Little damage was done, the farmers succeeding in stopping the progress of the flames before they reached the fields. It burned over the Coal Combines property and destroyed a number of pit posts which had been stored on the land.

"Technical grammar in the grades, how much?" William Kirchbaum.

Following are the present officers of the organization:

Duvall who is to be married on the 29th of this month to Miss Agnes Gregg of Monongahela and Mr. Charles S. Dills who will be married soon to Miss Lydia Herpster of Irwin. The affair was highly enjoyable to all present. Mr. George Nash was toastmaster.

## Narrowly Escapes Serious Injury

Claysville, Oct. 23.—Robert Hunter met with an accident yesterday morning which almost cost him his life.

As it was he suffered a dislocated ankle and a badly sprained back. Early in the morning young Hunter was watering a colt which his father L. H. Hunter recently purchased.

While at the watering trough in the alley in the rear of the school house the colt took fright at a pile of dirt, rearing and plunging. In attempting to get out of the way the boy stumbled and fell and the colt jumped on him. Hunter suffered a dislocated ankle, a badly bruised body and a sprained back.

Mike Horter, an older brother, and James Morris, bearing the lad's cries, went to his rescue and carried him to his home, where medical attention was given him.

## SLEEPER HAS RUDE AWAKENING

Monongahela, Oct. 22.—John Maisko sat down on the track of the M. and W. railroad last night near Hazelkirk. He was tired and fell asleep. The sleeper was awakened by being bumped and hauled through the air by a coal train coming in contact with him.

A broken leg was the result. In fear that he had also sustained internal injuries the man was brought to the Memorial hospital at his place.

## WORK ON NEW HOUSES STARTED

Monongahela, Oct. 23.—The Monongahela Saw and Planing Mill company has started work on the new block of 13 double houses being erected at the Gallatin mines. Eleven of the houses are five room affairs and the remaining two contain six rooms each. These houses are for additional miners expected to come in.

## "FROGS" HAVE A DANCE AT ROSCOE

The "Frogs," a club of young men of Roscoe gave a dance in Vorratt's Hall at that place last night the affair being well attended, there being present perhaps one hundred couple. The Jenkins orchestra furnished the music. Several from Charleroi attended.

## LIGHTS OFF FOR BRIEF TIME LAST NIGHT

The West Penn Electric company was caused a little trouble last night and the lights were off in town for several minutes, by a tree falling across the line somewhere between here and Connellsville or between here and McKeesport.

## Youth Charged With Forging Mothers Name

After quietly keeping out of the way of the police for nearly four months, N. B. Naher of Claysville, wanted on two charges of forging his mother's name to checks cashed by many stores, was arrested last night giving the officers a lively session at the very end of their long chase.

It is alleged that Naher successfully practiced his skill as a check manipulator on the A. B. Caldwell company, and the J. Kaufman store of Washington. The checks were passed July 9. Naher has been arrested on several other occasions on similar charges but the cases have heretofore been compromised.

Last evening about 8 o'clock Naher was recognized by the police. Detective E. E. Cummins, who had the warrant for his arrest with Detective Milstead and Officers Cummins and Mull went to the home of Brant Curry, who resides on Cumberland avenue, where Naher was known to visit. Upon inquiry the officers were notified that the much wanted man was not there. The officers suspected he was there, however, and started to search the house.

After playing hide and seek through several rooms the elusive Naher was finally chased to the roof of the house. Milstead followed and after an exciting scuffle placed the handcuffs on him.

The check which he is alleged to have passed at the A. B. Caldwell company was for \$35 and the one at Kaufman's for \$10. It is thought that several other charges will be preferred against the prisoner in the short time.

Naher is a resident of Claysville. All the checks were forged in his mother's name.

## Bookovitz Girl Again Able To See

Taken to the Eye and Ear hospital in Pittsburgh with not only her sight apparently burned out with quicklime, but even her life despaired of, little Anna Bookovitz, 2 1/2 years old, will in a few days be discharged from the institution almost as well as when six weeks ago she was taken from the home of her parents, Mr. and Mrs. Andrew Bookovitz in Ellsworth.

The remarkable cure has been effected, not by operations, but by skillful treatment that proved more successful than even the specialists dared to hope for. The child received her injuries at the hands of a foreigner who threw the lime, an account of which appeared in these columns last week, and since her recovery the approach of a male person throws the child into spasms and paroxysms of terror. This is the only ill effect of the injury, but hope is held out that the fear will be outgrown by the child.

As told in the story printed last week, the child was looking through an opening in a partition which separated the Bookovitz, from that of George Buda, when a relative of Buda threw some lime into her eyes. Buda was later arrested on the charge of assisting the guilty man to escape, while the perpetrator of the deed is now a fugitive, although the officers hope to apprehend him.

Both Americans and foreigners of the mining town contributed money to engage an eye specialist, who, after examination, declared it was impossible to save the child's sight. The parents were advised to rush the little one to the Ear and Eye hospital of Pittsburgh, as soon as possible, and at 10 o'clock the same evening the little patient was under the care of the eye specialists at the hospital.

No operation was performed on the plucky little girl's eyes, and only after careful and patient treatment, the application of soothing oils, did the child begin to see.

At least one of the eyes. But a week ago the astonishment of every person connected with the institution was heightened when it was discovered that the sight of both eyes were in almost normal condition.

## New Camp Is Instituted At Monongahela

A camp of the Patriotic Order Sons of America was installed with appropriate ceremonies at Monongahela last evening. State Vice President D. L. Buffington of Johnstown was present and had charge of the exercises.

The order started off with a membership of sixty seven persons. These were instructed in the noble work of the order.

District President A. J. Holmes was present and assisted Mr. Buffington in putting through the work of institution. Eighteen members of Camp 760, Charleroi, attended and a number of members from camps at Washington, Monessen, Donora and Fayette City, were present.

After the business was finished, a social session was held and refreshments were served.

## GRAND JURY WILL CONVENE IN WEEK

A week from Monday the grand jury for the November term of criminal court will meet and take up the list of criminal cases on the docket. This docket already shows about 140 cases, and there are at least a half hundred to be put thereon, in addition to those that were continued from the August term. There are the usual number of petty cases listed. Among the cases carried over from the August term is that of the Commonwealth against W. L. Lehart, of Brownsville, in which the jury disagreed. This case took one week when tried in August.

## SIX CONVERSIONS AT GOOD MEETING LAST EVENING

The meetings at the Washington Avenue Presbyterian church continue to improve in interest, last night's being the best one yet. There was an interesting song and praise service conducted by Mr. Carter and Dr. Hendrick preached a forceful sermon. There were six conversions following the sermon.

The subject of the address last night was "The Young Man That Just Lacks Being Saved." He took up the matter of salvation from sin of the young man illustrating his discourse by the rich young ruler of Bible times who sought to know what he should do to be saved and was told to give all he had to the poor and follow the Lord. Dr. Hendrick said it was hard to be a Christian, and that numerous obstacles were to be overcome, but if these were successfully passed over, a man or woman would be the stronger and more fitted for service. He made a very good point by an illustration of the verse, John 8-16 in the Bible.

A unique advertising scheme was used by the church people today to get as many as possible to the service tonight. Early this morning the lettering, John 8-16 with other wording was chalked on the sidewalk over town.

## APPLES AND BLOSSOMS ON THE SAME BRANCH

West Alexander, Oct. 23.—An apple tree growing near West Alexander performs a peculiar feat by maturing both apples and blossoms on the same branch. This tree is found on the R. J. McCleery farm 5 miles southeast of town. The apples are as perfect as the blossoms. The dainty bloom even has the apple blossom perfume of a May day.

Charleroi at Ellsworth.

Ellsworth, Oct. 23.—The Ellsworth football team will play Charleroi Saturday afternoon at Ellsworth. A hard game is expected but the locals hope to win. Charleroi has made a good showing this season. The game will start at 2 o'clock.

## PAVING ORDINANCE PASSED AT A CALLED MEETING

### Fire Yesterday At Brownsville

South Brownsville, Oct. 23.—The frame dwelling occupied by Giovanni Cioffi, South Brownsville, near Cemetery Road burned with much of its contents Thursday morning about 6:30. It is not known how the blaze started. The owners and several boarders lost personal belongings and one report has it that \$500 in money was destroyed. The South Brownsville fire department got out promptly but the location of the property at some distance over the hill from the plugs made it impossible to set a stream of water on it. The loss is figured at \$3,000.

### "PHONEY" MONEY MAN IS ARRESTED

At a hearing before Alderman Day, Cristoff Rusko, of Ellsworth, in default of bail, was committed to the Washington County jail for a hearing at the next term of court on a charge of fraud. Rusko is the man who is alleged to have given Samuel Cohen, a merchant of Ellsworth, a \$50 Confederate States bill in exchange for \$2 worth of goods and \$42 change in good money.

The arrest was made by Detective Wallace Hilton and the man will be taken to Washington today.

### Woman Is Badly Burned

Monongahela, Oct. 22.—Mrs. M. B. Willoughby was painfully burned by an explosion of gas at her home in Chess street Wednesday evening. She was cooking and had placed some meat in the baker of the cooking range. After placing the meat in the stove she had occasion to leave the room for a few minutes and upon her return opened the baker to note the progress. In the meantime, the fire had gone out and the baker had filled with gas. When she opened the door the escaping gas was ignited from the fire on the top of the stove and a miniature explosion followed, which burned her badly about the face and head.

### CONTEST ON LOCAL ALLEYS TONIGHT

Tonight the Charleroi and Monessen Bowling teams will meet on the alley's at the Colonial parlors. A hot contest is looked for.

Suit Over Piano.

An affidavit of defense has been filed in the suit of William Burns and Son, Claysville, against Mrs. Margaret Burns, Washington. The suit is to recover \$325 for a piano placed in the defendant's home last July. Defendant denies that the piano was placed in her home at her request but that the plaintiffs obtained privilege of placing it there on trial although notified by defendant at the time not to expect or depend on her buying. She has refused to purchase and has notified the plaintiffs verdict and by letter to remove the piano.

Mr. and Mrs. Daniel Chestnut and daughter Bertha left last night for an extended visit with Mr. and Mrs. M. G. Collins of New York City.

### Block Of Lincoln Avenue Will Be Graded, Contract To Be Let Soon.

SESSION LAST NIGHT

No Other Business was Taken Up Other Than For Paving.

Council held a short session last night, the meeting being a called one, the special purpose being the taking up of an ordinance constructed a few weeks ago providing for the grading and paving of a portion of Lincoln avenue. No other business was taken up and the meeting adjourned at an early hour.

The block of paving for which the ordinance provided was that on Lincoln avenue, lying between a point 499 feet south of the southern line of Second street, and the southern line of Second street where it crosses Lincoln avenue, or in other words the portion of street between Second and the paving which was recently finished on Lincoln avenue extension. The ordinance had passed two readings before and last night was final.

When the paving of this block is completed, it will make Washington avenue, which extends into Lincoln avenue at Second street one of the most beautiful in the town, with its many blocks of finished street.

The contract for the work will be let at the next regular session of council on November 2nd. All bids must be in by that time.

## OVATION FOR MR. TENER AT BEAVER FALLS LAST NIGHT

Beaver Falls, Pa., Oct. 23.—Beaver Valley folks enthused over John K. Tener and the American Club of Pittsburgh last night, when the biggest Republican rally in years was held here. The meeting was in the Lyceum theatre. So many were unable to gain admittance that an overflow meeting was held.

Arthur Bu nett, chairman of the Republican County Committee, presided. The principal speakers were: John K. Tener, Honorable George T. Weingartner of New Castle, candidate for State Senate, and Robert Klein of New Castle.

A parade passed through the principal streets of New Brighton and Beaver Falls, in which the American Club of Pittsburgh, Lincoln Club of New Brighton, Young Men's Republican Club of New Castle and other marching organizations from Youngstown, Beaver Falls, Rochester, Beaver and other valley towns.

The chief marshal was Dr. N. S. Cook of Beaver Falls, who had 100 aids.

Delegations of workmen from the mills and workshops of the Beaver Valley carried flags. Another feature was presented by 100 horsemen. The procession contained carriages, floats and automobiles.

to obey, when they know very well

that they do not want to.

fall them. Some youngsters might

go home, but the majority would not.

The Charleroi police had trouble in

this line and we will bet the Courier

dollars to doughnuts the efficient arms

of the law of Connellsville will have

in the future, if they do not provide

a place where the youngsters can be

locked up. Even then you are bound

to have trouble. We do not want to

lock them up with drunks, thieves and

other criminals but will have a separate

compartment in a different building

to use in securing the offenders of

youngsters and the subsequent fine of

their parents will not come nearer to

enforcing the law than any of your

ordering them home, then it's up to us

to hike for our hole.

### Note The Change.

"It is to President Roosevelt who

gives to the Republican party in this

country its present character. The

Republican organization in Washing-

ton county has never been built up on

graft; has never levied tribute to any

one for political ends. The Republi-

can party should stand today, as it

has stood for years, for good and

efficient government." Washington

Observer, Sept. 1, 1905.

### Electric Sparks.

Says the Sheep Bill Philosopher:

When a girl yawns it's time for th'

young man to get in on th' home

stretch.

Four of the balloons that took part

in the Berlin aero races landed in the

North sea and another not heard

from has probably, done the like.

This indicates that aerial navigation

in that locality must continue unsafe.

until the North sea is moved out a

little.

We believe nobody will dispute the

statement that Colonel Watterson's

work on the coaching line this year

has been the most attractive feature

of the game.

Charleroi people are going into

court to learn whether their water

company can be compelled to provide

them with a decent article of water.

We admire their courage and deter-

mination, and wish them success.

Canonsburg Notes.

## See What 9c Will Do

**Magic 9s** ALL OVER THE STORE—You wouldn't think we could find so many things to sell at 9 cents. Nine cents isn't the regular price of any of these articles, though most of them are 15c and 12c goods—lots of them 18c and 20c. We have reduced them to 9 cents just for this sale. The figure 9 has always been considered lucky, and it is such a small price to pay for most anything that we decided to tack it to all sorts of things you are apt to want right now. The 9s are scattered broadcast—you will find them everywhere perched jauntily on goods that never expected to greet you for much less than twice nine. Yes, come and see what 9 cents will do.

### LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition."

"This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take."

Just the thing, said I, for my little daughter, and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily."

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

### Treasure-Conway.

The wedding of Mr. John H. Treasure, Jr., and Miss Camilla Cecilia Conway was solemnized at a mass said in St. Leonard's Roman Catholic church at Monessen yesterday morning at 6 o'clock by the pastor, Rev. Father A. J. Wigley. Miss Mamie Conway, a sister, attended the bride, and the groom had as his best man, Mr. Matthew Slattery. Owing to a recent death in the family of the bride, the wedding was private. The couple left on the 7:45 train for an eastern wedding trip and will make their home for the winter with the bride's parents upon their return.

A rummage sale will be held by the ladies of the First Presbyterian church, on Oct. 28, 29, and 30th, at 425 Fallowfield avenue. Contributions will be received on Tuesday, Oct. 27, 621t.

### Making More Than a Living

Nearly every man who works steadily makes more than a living. During these slow times the men who have saved something appreciate what it is to have something laid away for a rainy day. A few cents a day soon counts up, and when savings are placed in a bank at a tidy interest the sum soon grows to proportions that make it a safeguard against want. When work is not plentiful. Figure up how much more than a living you are making now, and place the difference in this bank. Four per cent. interest paid in savings department.
